- **TERRA DE ASOREI WINERY** (www.terradeasorei.com)

The logo of Terra de Asorei is a symbolic poem, consisting of six "A" that represent the audacity of our brotherhood: Albariño, Authentic, Adegas (winery in Galician), Atlantic, Art and Amor (love in Galician and Spanish). Six "A" that evoke six families of the Salnés valley with a long tradition in winemaking and in wine that, at the beginning of the 21st century, joined in a single winery with the aim of staying as a family business and, at the same time, adapting to an open and constantly changing world. This commitment to quality was also the step from the family business to the professional enterprise, improving and modernizing our systems of production of an *albariño* of a very high quality.

Terra de Asorei winery is equipped with the latest technology and has an initial production capacity of about 400,000 bottles per year.

In the winery, we will taste its three *albariño* wines, Terra de Asorei, Nai and Pazo Torrado, accompanied by some typical products of the area, such as *empanadas*, mussels, etc.
